

One step of the game, as coded (both games share steps 1-5)

Targets: one-step (Fishery stock ≥ 10 next step; Harvest a calibrated 5% risk limit) or MSY (Fishery: leave ≥ 50 after harvest). The cut λ is shared by all agents. Source: fishery_sim/calibrated_oversight.py, experiments/oversight/run_s1/s2/s3_*.py.
